

## Creative & Adventure Camp – **Neuburg** a. d. Donau (7 – 17 Years)

Get back to nature with Camp Adventure! For several years we have been running an Adventure Camp for children and youth from all over the world on the edge of the Bavarian town, Neuburg an der Donau. The campsite set in the middle of the forest, is used exclusively by us and can only be reached via a narrow woodland path. The unspoiled natural landscape and small nearby fishing ponds lend this camp a particular charm. We have also added some great recreational facilities to the site, such as a high ropes course with Flying Fox and Giant Swing, as well as a cosy campfire area and we are well equipped for a great variety of outdoor activities, from climbing to canoeing. Your adventure holiday will undoubtedly be something special!

### Location

Our campsite is made up of several tent villages and, like the daily program, these are divided into Junior (7 to 12 years) and Senior (12 to 16 years) groups. Our spacious tents have a wooden floor and sleeping platform and can each accommodate six or seven campers. Snuggled up with a camping mat and sleeping bag, campers can sleep in comfort after a busy day of activities. You will have to do without a wardrobe or bedside table, but adventurers don't need one anyway!

Toilets and showers are located on site and are simple and functional – perfectly adequate for a true adventure holiday. There is also a separate First Aid tent, where any sick children can get some peace and quiet while their teamer takes care of them. An open, covered area serves as our dining room, where we eat all of our communal meals and we also have a hut onsite where we can do “dry” activities in case of bad weather. If there is a major storm, we spend the night in a nearby sports hall in town.

The daily Clean Up is an important part of camp life. We all play a part in keeping our campsite clean, from duties such as clearing the table and doing the washing up, to cleaning washrooms and tidying your own tent. It is all of our responsibility to make sure that each person feels comfortable in their camp surroundings.

## Free time activities and Excursions

---

**Our camp is the perfect place to try out some fun, new outdoor activities. Hop into a canoe or kayak, scale the climbing wall or get creative – children and youth from a multitude of countries all come together to share in the same Camp spirit.**

The list of leisure activities on offer is very long. From archery, climbing, mountain biking, football, baseball, volleyball, street hockey, frisbee, crazy golf, table tennis, aerobics, self defence and fitness, all the way to creative offerings such as Bob the Builder, guitar playing, theatre, dance, acrobatics and MasterChef, you can find everything you could think of in Neuburg. We often spend afternoons at our own swimming spot, Joshofen Lake, where we can take a dip, go kayaking or try out some aqua fitness. For the real adventurers, the high ropes course is the place to be. Fly through the air on the Flying Fox, Giant Swing and zipline, then reach the top of the climbing tree and giant ladder with your campmates – it certainly requires some bravery, but it is so much fun! You might only get a few metres off the ground the first time you try, but by the end of the week you will be able to make it to the summit, high up in the tree tops. There is plenty going on in the evenings too. Our legendary Camp Olympiadas are always a highlight, along with the Discos and evenings spent together around the camp fire.

### Survival

For all those who are excited about nature and like the idea of a night spent under the stars, this is the profile to choose! From lighting fires and building shelters to crossing rivers, there is lots to learn and discover. A real challenge and the ultimate outdoor experience!

### Excursions

On Wednesdays, everyone heads into the historical town of Neuburg an der Donau, known for its magnificent castle. After a group wander through the town, there is of course time to pick up a souvenir or two. If the weather is kind to us, we always like to cool off by taking a dip in the local open air swimming pool.

The weekend hike remains a particular highlight for campers staying for two weeks. Navigate through fields and forest, set up camp in the wild and cook your own dinner, before settling down to sleep under the stars.

## Leadership Program

---

**Our Leadership Program is designed to give 15 to 17 year olds the chance to push themselves and discover their own abilities. Through physical and mental challenges, they will work out which qualities make a good leader and come to be familiar with the motto “You can do more than you think”.**

The aim of the Leadership Program is to show young people that they have more to offer than they might have thought. Each day, they are presented with new challenges for them to assess and take on as a team. Participants decide whether to tackle the latest challenge and also participate in ongoing feedback sessions, allowing them to improve their decision making skills. This program will certainly put them to the test and is a great opportunity for personal development, as they leave their mental and physical comfort zones. Their organizational skills will also be developed, as they help teamer staff to prepare certain aspects of the program for other campers and even have the chance to lead activities themselves.

One particular challenge is the 72 hour hike, organized and completed by the Leadership group. As a team, the campers have to use a map and compass to independently navigate the local countryside. Our teamers do of course keep an eye in the background, but only step in when absolutely necessary.

These leadership challenges are not the only focus though – camp fun is of course at the heart of the program. Adventure sports like the high ropes course, water sports such as canoeing and kayaking and many other great activities are also a key part of your time in Neuburg.

Upon successful completion of the program, all participants receive a Leadership Award and a First Aid Certificate. The program is carried out in English and so participants should have fairly strong language skills.

**“The function of leadership is to produce more leaders, not more followers.” Ralph Nader**

## Dates & Prices

### Dates

Week	2	3	4	5	6	7	8	9
1 Week Stay					28.07.19– 03.08.19	04.08.19– 10.08.19	11.08.19– 17.08.19	18.08.19– 24.08.19
